

NORTH SHORE COMMUNITY CONVERSATIONS

CALLING ALL COMMUNITY MEMBERS!

Your voice matters in building a healthier North Shore!

We're coming together to discuss crucial health topics, share experiences, and generate ideas to improve community health.

As part of our ongoing efforts to improve community health and in compliance with state statute, the North Shore Health Department (NSHD) will be conducting community conversation sessions, also known as focus groups, in collaboration with North Shore community members.

These sessions are a crucial component of our Community Health Improvement Plan (CHIP) process, which involves both the Community Health Assessment (CHA) and the subsequent CHIP development, serving as a community-driven roadmap to identify health issues, set goals, plan interventions, and guide our activities from 2025 to 2029, fostering overall health and well-being for residents.

To facilitate meaningful discussions, we have scheduled and invite you to attend one of three community conversation sessions for April:

- Tuesday, April 9, 2024, from 3pm-5pm at North Shore Public Library Community Room (6800 N Port Washington Rd, Milwaukee, WI 53217)
- Wednesday, April 10, 2024, from 10am-12pm at Brown Deer Public Library Community Room (4301 W Brown Deer Rd, Brown Deer, WI 53223)
- Wednesday, April 10, 2024, from 6pm-8pm virtually via TEAMS (link to be emailed prior to event)

To register scan the QR code or visit the link: <https://bit.ly/3VsEIUy>.

Attend a community conversation to be entered to win a \$50 gift card!
