

# North Shore Health Department Public Briefing

November 11<sup>th</sup>, 2020 as of 4:30 p.m.

## Holiday Guidance from WI DHS:

Holidays are often when family, friends, and neighbors come together to celebrate each other and share a meal. In order to stop the spread of COVID-19 and keep your friends and family safe, consider the following guidance for your celebrations. We continue to recommend avoiding gatherings with people you do not live with. Furthermore, travel increases your chance of getting and spreading the virus that causes COVID-19. If you must travel, be informed of the risks involved. Staying home and celebrating with those in your household is the best way to protect yourself and others.

Visit [Wisconsin DHS](https://www.wisconsin.gov/dhs) to learn more about DHS holiday guidance.

## Coping and practicing resilience during the COVID-19 pandemic

We are all making changes to our lives, and our holidays, to protect ourselves, our loved ones, and our communities. It's important, but it's not easy, and we need to all remember that it's OK to ask for help. [Learn how to recognize and manage stress as well as build resilience.](#)
