WI Exposure Notification App: Use your phone to slow the spread of COVID-19

How to add WI COVID-19 Exposure Notification to your phone

The WI Exposure Notification app is available to download for free from the Google Play Store or enable in Settings on your iPhone. The more people who use the app, the faster we can stop the spread of COVID-19 in Wisconsin.

Android Android users 18 and up can download WI Exposure Notification from the Google Play Store.

iPhone For iPhone users 18 and up that are running iOS version 12.5 or later, WI Exposure Notification can be enabled directly from your iPhone settings—no download needed.

1. Go into Settings
2. Scroll down to Exposure Notifications
3. Turn on Exposure Notifications
4. Select United States > Wisconsin

For technical assistance, call 833-941-1652.
