

Public Briefing *from the*

NORTH SHORE HEALTH DEPARTMENT

June 15th, 2020 Update on COVID-19
(as of 4:00 p.m.)

The North Shore is currently in Phase C of the reopening plan as of Friday, June 12th: North Shore businesses, organizations and residents should now follow the Phase C guidelines on our [website](#).

Read the [letter](#) on our decision to move forward.

See the NSHD [Phase C detailed guidelines](#) and the [chart](#) with guidance for each of the phases.

Phase C in the North Shore:

June 12th, 2020

Recommended limit of 50 people maximum for gatherings

Retail establishments - occupancy limit of 50% or 12 people per 1,000 sq. feet

Restaurants & Bars - capacity limit of 75%

Salons, Spas & Places of Public Amusement (gyms & fitness centers) - capacity limit of 50%

Safe Business Practices & Physical Distancing & Protective Measures still in place

We encourage everyone to continue to practice physical distancing (at least 6 feet) and to wear a face mask in public places to slow the spread of COVID-19. The primary method of transmission is via respiratory droplets when people are in close contact (within 6 feet) for a prolonged period of time (10 minutes or greater). By staying physically distant from others and wearing a face covering, the risk of transmission is significantly lower. It is also important to wash your hands often, to clean and disinfect frequently used surfaces, and to monitor for [signs and symptoms](#) of COVID-19. If you develop symptoms, it is recommended you self-isolate and seek testing.

Mass Gatherings Guidance: Under Phase C in the North Shore, it is highly recommended that both indoor and outdoor gatherings do not exceed 50 individuals. This includes, but is not limited to, events at private homes with non-household members; public gatherings such as parades, weddings, funerals, conferences, festivals, concerts, sporting events; and gatherings at public parks

COVID-19 Cases to Date

North Shore (includes Bayside, Brown Deer, Fox Point, Glendale, River Hills, Shorewood, Whitefish Bay - as of June 15th, 2020)

244 Cumulative Confirmed Cases (+5 since 6/12)

or other communal spaces. The CDC released guidance on best practices for hosting and attending gatherings: [Click Here](#).

The Wisconsin Economic Development Corporation (WEDC) is now accepting applications for their We're All In Small Business Grant: The grant is funded by the federal Coronavirus Aid, Relief and Economic Security (CARES) Act and will provide \$2,500 grants to 30,000 Wisconsin small businesses. The online application is available for one week from 8 a.m. Monday, June 15, through 11:59 p.m. Tuesday, June 23. For more information and to apply: [Click Here](#)

The University of Wisconsin System announced that it will welcome students back to campus for the fall 2020 semester: The UW System Plan Ahead Team and various sub-teams are providing recommendations for individual UW institutions to utilize when developing plans for the 2020-21 academic year. Read more on practices that Wisconsin universities are planning on implementing to create safer learning and living environments: [Click Here](#).

This graph displays the total number of positive and negative test results received per day in the North Shore, as well as the percent of test results that were positive (3 day rolling average). A total of approximately 4,624 COVID-19 tests have been conducted in the North Shore as of 2:30 p.m. on June 15th. With a population of approximately 65,000 in the North Shore, this indicates that 7.1% of the North Shore population has been tested at this time.

This is a rapidly evolving situation and we encourage you to frequently monitor the [DHS website for updates](#), as well as the [NSHD website](#). Additional information on COVID-19 can be found on the [CDC website](#).
