

**June 17<sup>th</sup>, 2020 Update on COVID-19**  
(as of 4:00 p.m.)

**The North Shore is currently in Phase C of the reopening plan as of Friday, June 12<sup>th</sup>:** North Shore businesses, organizations and residents should now follow the Phase C guidelines on our [website](#).

Read the [letter](#) on our decision to move forward.

See the NSHD [Phase C detailed guidelines](#) and the [chart](#) with guidance for each of the phases.

**Mass Gatherings Guidance:** Under Phase C in the North Shore, it is highly recommended that both indoor and outdoor gatherings do not exceed 50 individuals. This includes, but is not limited to, events at private homes with non-household members; public gatherings such as parades, weddings, funerals, conferences, festivals, concerts, sporting events; and gatherings at public parks or other communal spaces. We remind everyone that with the expanded mass gathering limit, taking precautionary measures to reduce the risk of COVID-19 transmission is even more critical.

CDC events and mass gatherings guidance: [Click Here](#)

Additional recommendations from the CDC on deciding to go out: [Click Here](#)

## TO PARTICIPATE IN GATHERINGS AS SAFELY AS POSSIBLE:

Maintain physical distancing of at least 6 feet between yourself and non-household members

Wear a face mask

Cover coughs and sneezes with a tissue

Wash your hands frequently with soap and warm water or use hand sanitizer

Consider only hosting or attending outdoor gatherings

Avoid sharing items with others

Clean and disinfect frequently used or shared surfaces

**This graph displays the total number of positive and negative test results received per day in the North Shore, as well as the percent of test results that were positive (3 day rolling average). A total of approximately 4,796 COVID-19 tests have been conducted in the North Shore as of 2:00 p.m. on June 17<sup>th</sup>. With a population of approximately 65,000 in the North Shore, this indicates that 7.4% of the North Shore population has been tested at this time.**

This is a rapidly evolving situation and we encourage you to frequently monitor the [DHS website for updates](#), as well as the [NSHD website](#). Additional information on COVID-19 can be found on the [CDC website](#).
