

June 23rd, 2020 as of 4:00 p.m.

The North Shore is currently in Phase C of the reopening plan: Businesses, organizations and residents should continue to follow the Phase C guidelines on our [website](#).

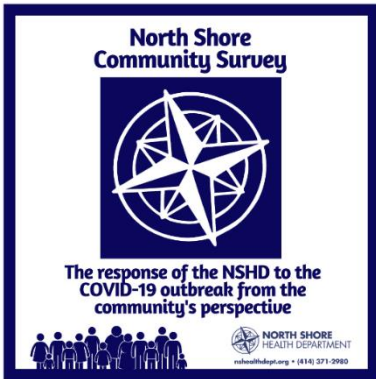

See the NSHD [Phase C detailed guidelines](#) and the [chart](#) with guidance for each of the phases.

The Wisconsin Department of Public Instruction published [Education Forward](#) to guide school districts as they prepare for the 2020-21 school year.

COVID-19 Testing in MKE: [Click Here](#)

COVID-19 Community Survey: The North Shore Health Department (NSHD) with the collaboration of UW Milwaukee Zilber School of Public Health is conducting a community survey to learn how the residents of the North Shore felt about the response of the NSHD to the COVID-19 pandemic. We hope to gain knowledge about the reactions of the public to preventive measures taken during outbreaks as well

as how the public perceives the responses made by local health departments. The ultimate goal is to learn how we, the NSHD, can improve our response in future emergency situations. The survey is online and can be accessed with this link: [Click Here](#)

This is a rapidly evolving situation and we encourage you to frequently monitor the [DHS website for updates](#), as well as the [NSHD website](#). Additional information on COVID-19 can be found on the [CDC website](#).

This graph displays the total number of positive and negative test results received per day in the North Shore and the percent of test results that were positive (3 day rolling average). A total of approximately 5,313 COVID-19 tests have been conducted in the North Shore as of 2:00 p.m. on June 23rd. With a population of approximately 65,000 in the North Shore, this indicates that 8.2% of the North Shore population has been tested at this time.
