

July 6th, 2020 as of 4:30 p.m.

The North Shore remains in Phase C of the reopening plan: Businesses, organizations and residents should continue to follow the Phase C guidelines on our [website](#).

Visiting friends and family with higher risk for severe illness? Watch this video from the CDC: [Click Here](#). There are other helpful COVID-19 safety videos on the CDC YouTube channel: [Click Here](#)

We remind everyone to monitor for COVID-19 symptoms after the holiday weekend, especially if you were at a gathering or attended an event: You should monitor for symptoms for 14 days, as it can take up to 14 days for symptoms to develop. If you are experiencing symptoms, it is recommended that you self-isolate to avoid contact with others and seek testing.

North Shore COVID-19 Testing: The Nicolet High School testing registration is full at this time. Continue to check back for open time slots, as some people are cancelling: [Registration](#)

If you are signed up for testing at Nicolet High School this week:

Please arrive within the 15 minute time slot you registered for.

Enter the parking lot at the end with the tennis courts.

Bring your ID (driver's license) and the National Guard will fill out your paperwork.

Read the attached flyer from WI Department of Health Services on what to do after you get tested.
The National Guard is contacting people with negative results and your local health department is notifying people with positive results.

This is a rapidly evolving situation and we encourage you to frequently monitor the [DHS website for updates](#), as well as the [NSHD website](#). Additional information on COVID-19 can be found on the [CDC website](#).
